

## **SAMA SAMAJAMU MANIFESTO AND TERMS AND CONDITIONS**

The system which will give the highest position to everybody by equal efforts & opportunities, that system is called as “SAMA SAMAJAMU”.

Highest position varies according to their individual interest; one person opt (Political) empowerment, Another love or may opt respect, Job, Education.

In pure Sama Samajamu system there is no place to caste, class (Varga), race (Vamsha), adding grand father’s name or any other hereditary centralization schemes. For that to take step forward strongly, telling you the inter caste marriages centralizing Sama Samaja System, briefly “SAMA SAMAJAMU”.

### **METHOD:**

We should hit the hill atleast with another small hill, that means to achieve caste alternate system, we should atleast start group like a small caste number, atleast 5 to 10 thousand general members.

Trusted persons in leading wing should be atleast 100 in number. When general members are in thousands it is not possible to lead them without adequate number of leaders as we have to use huge issues, manifesto & constructive levels in “SAMA SAMAJAMU” as steps.

We have got a good base for members by conducting “VANA BOJANALU” and other meetings, happy thing that hundreds of members directly, thousands indirectly expressing their similar thought.

## **ASHRAM (SHELTOR):**

Required Caste=0, thinking leading wing containing 100 determined persons, other interested 10,000, general members, with a bigger setup called “**SAMA SAMAJA ASHRAMA**” to do all supporting work.

In this wide bigger place we should do thousands of inter caste marriages by “casteless marriages introducing marriage bureau”, that means people they don’t even keep their caste names in marriage bureau, otherwise if they want to keep caste, they can fill in computer, that will be managed by passwords. Only inter caste marriages will be allowed, Ashram contains all types of functional units to support that society.

Everybody have entry in to this ashram, but there will be probation period to prove them self. This period help improve human values, respect and belief between the members, it give new friendships to forget old caste based friendships.

### **Time based three divisions:**

1) **First division:-** They are of 3 years probation time, inter caste married who are showing interest on our terms. They voluntarily sacrifice (detach) from caste, race (Vamsha), grandfather names & caste related anything including caste reservations but without anybody’s pressure, with self consciousness.

Note:-Our employment providing committee concentrate on private reservations and those reservations providing institutions names will be announced (shortlisted) in our websites and other communication ways. Even we will concentrate on government reservations upto we achieve casteless India for example if this society members are 10% according to every 5/10 years census we try for 10% reservation for that 5 or 10 years, if

society grow by next census to 20% we will try for that percentage. This is special cultural quota” like sports quota reservations.

2) **Second division** contain 4, 5 years of probation period, members are inter caste married who show more interest on society terms but

a) Caste name tagged ‘or’

b) Grand father name ‘or’ other hereditary centralizing name tagged.

Eg:- Rahul Gandhi, Neethu Ambani

(Note: Excuse me for using the names)

c) ‘or’ using caste reservations

(Note:- Whoever wants to come, they can come but voluntarily, with full of confidence on our constructive development and terms & conditions. Not only that they should aware of facing probation period, during that all casteless culture get habituated, their interest & stability has to get proved.

3) **Third division**:- It’s of 6 to 7 years. Members are caste married, but having lot of interest towards this society and themselves ready to loose caste, initials, grand fathers tags, any other caste & hereditary tags & methods (Caste reservations).

for girl child, add "father name" in the place of Vamsha

“Sama” means the person who has, declares, shows equal feelings on everybody; condemns the unequal feelings loaded caste system, by following structural measures.

Note:- We with intellectuals discussed even about alternative to “Sama” as “Satya” “Dharma” “Kurasa” (Kula rahita samaja). But people may misinterpret gradually, whatever they know as Satya, Dharma “Kurasa” is a negative word. So finally we decided as “Sama”. And thought “Sama” word will indicate and direct towards equalism for future, even after thousands of years.

There will be the probation period atleast 2, 3 years, for children of Sama Samajams members, after their 18 years of age so we oppose completely the hereditary order of malpractices.
